

**Professional Engineers  
and Geoscientists of BC**

# - PANEL DISCUSSION / AGM - **WE ARE NOT (ALL) DILBERT** **ATTRACTING WOMEN TO ENGINEERING**

Why the gender imbalance? Join the APEGBC Victoria Branch to discuss the driving forces behind the low number of women in the engineering profession and explore misconceptions about engineering and the profession that drive potential students, not only women, from this field.

**Victoria Branch AGM to follow panel discussion – support your professional organization and bring about meaningful change!**

**Details:**

**TUESDAY, MAY 23<sup>RD</sup>**, 1730 – 2100 HRS  
CFB ESQUIMALT NADEN WARDROOM  
1560 ESQUIMALT ROAD, VICTORIA  
\* DINNER INCLUDED \* 2.0 PDHs \*

Brainstorm on how we can broaden inclusive practices in the engineering profession, diversify membership and naturally foster a gender balanced environment, starting with attracting students to engineering education. The 30 by 30 challenge aims to have 30% of newly licensed engineers as women by the year 2030.

Cost \$28 (\$22 for students)
